Ras Mohammed National Park

Ras Mohammed lies south of the Sinai peninsula. It became Egypt's first protected national park in 1983. Initially covering 97 km², the park has since been extended to 480 km². Due to its great beauty and scientific importance, the park is exceptionally well-preserved thanks to public awareness and ongoing surveillance both on land and at sea.

Among all the dive sites in the park, the most notable are Shark & Yolanda Reef and Jack Fish Alley. Here, we'll discover the immense and colorful marine life that awaits in one of the best areas of Egypt's northern Red Sea route.

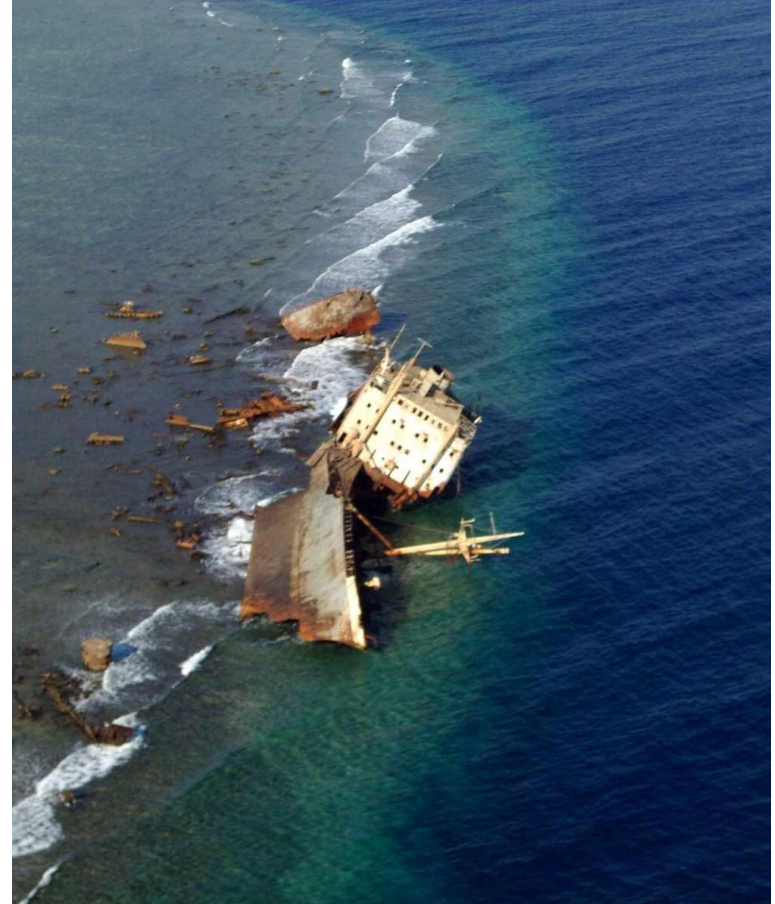

Straits of Tiran

The Straits of Tiran, located between the Sinai Peninsula and Tiran Island, is one of the most iconic diving areas in the Red Sea. This strait is famous for its spectacular marine biodiversity and stunning coral reefs.

One of the best known reefs is Jackson Reef, where breathtaking coral walls await you. Enjoy the beauty of Wood House Reef, with its vibrant coral gardens and turtles. At Gordon Reef, you'll encounter a variety of fish in a spectacular setting.

Abu Nuhas

Abu Nuhas, known as the "Shipwreck Cemetery," is famous for the numerous wrecks resting in its crystal-clear waters. Among the most iconic wrecks is the Giannis D, a Greek cargo ship that sank in 1983 after hitting a coral reef. At about 28 meters deep, its structure is covered in corals and is home to a diverse array of colorful fish and turtles, making it a fascinating spot to explore.

Another highlight is the Carnatic, an old cargo ship that sank in 1881. Its impressive bow and vertical mast are easily recognizable. Located at around 30 meters deep, this wreck also hosts a rich marine life and it is typical to find tuna and groupers.

Brothers Islands

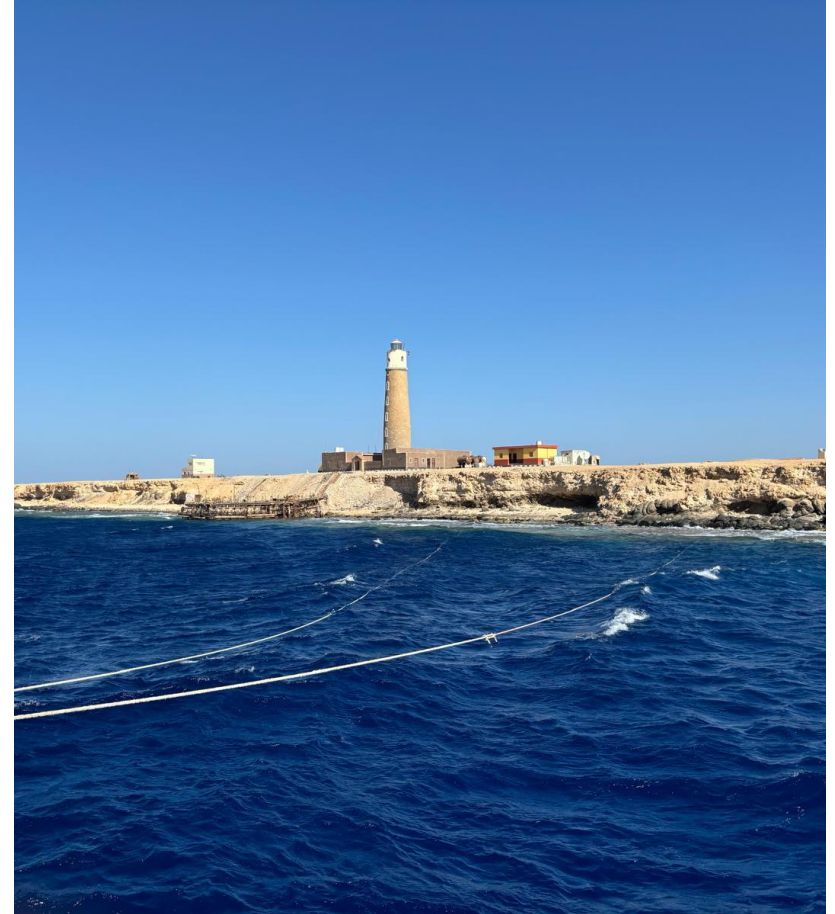

Diving in the Brothers Islands, which include Big Brother and Little Brother, is an enriching experience in the Red Sea. These islands are known for their stunning coral walls, which provide a haven for a diverse range of marine life. It's an excellent spot to encounter sharks, such as hammerheads and white-tip reef sharks, as well as other fascinating species.

The currents in this area can be challenging, making it an ideal destination for divers with some experience. Visibility is usually good, allowing you to appreciate not only the corals but also the variety of fish that inhabit the area.

You'll have the chance to enjoy an almost pristine natural setting and observe up close the underwater beauty of the Red Sea.. It's a perfect place to connect with nature and experience unforgettable moments under the sea..

FAQ

Do I need a visa to enter Egypt?

Yes, you will need a visa. Remember that your passport must be valid for at least 6 months beyond your arrival date. You can obtain the visa at the airport upon arrival, right after you leave the plane, and it costs 25 USD.

Do I need diving insurance?

Yes, diving insurance is mandatory. It can be purchased on board for 10 euros. The D.E.C.O card (Diving Emergency Center Organization) is valid for 2 weeks and covers the first hyperbaric chamber.

What diving equipment should I bring?

You should bring a dive computer, surface marker buoy (SMB), snorkel, regulator, BCD, mask, fins, and a wetsuit. We recommend bringing some spare parts.

If you need to rent equipment, please contact us before the trip.

Remember to also bring your diving certification and logbook, showing the number of dives you have completed.

What should I bear in mind?

It is strictly forbidden to hunt, fish, collect, touch corals or shells, throw anything into the sea, or feed fish. Gloves and knives are prohibited.

Violating these rules may result in the suspension of the crew and the boat from working for a period of time.

I'm interested in a course

We offer PADI courses on our boat. Please contact us before the trip to provide you with digital learning material.
